

NSS camp records: March 2026

HISTORICAL SOURCE SUMMARY

The supplied NSS activity document and camp-information/consent scans record a seven-day camp period of 20–26 March 2026 for Pine Grove College of Education.

A separate signed programme-officer statement dated 1 April 2026 identifies Mr. Ravinder Singh as programme officer. This describes that historical statement, not a new appointment. Personal contact details and signatures are withheld from this public summary.

The activity working document includes tree plantation, cleanliness and visits, but several dates and activity fields are blank. A completed day-by-day report, verified participation and outcome evidence are not established by these files. This summary does not certify completion of every proposed activity.

Source originals are retained in the restricted college archive; this is a reading summary prepared on 18 September 2026.
